

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
24	The circular Tourism Market in Portugal. A circular SWOT analysis based on the AI perspective	Ana Pego	C.16: Information, Innovation and Technology: Geographies of innovation and knowledge-based development	Tuesday
27	What Moves People in Mountains: Studying Migration and Sustainable Mountain Development in the Himalaya	Saurav Kumar	C.35: Mountain Studies: International symposium of mountain studies	Tuesday
33	Care and coyotes: The affective politics of living with 'trash animals' in gentrifying Toronto	Loren March	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
34	Analysis of the evolution of climate change in rural areas of Extremadura (Spain). Future scenarios of aridity in protected areas.	Virginia Nieves	C.05: Climatology: Climate change and its impact on livelihood and traditional knowledge	Sunday
35	Exploring Divorce Reasons in Love and Arranged Marriages: A Qualitative Study in West Bengal	Sunandita Das	C.37: Population Geography: Geography of family and household changes	Sunday
37	Prevalence and Associated Factors of Antenatal Depression among Pregnant Women in Rural Jharkhand, India: A Cross-Sectional Study	Deepak Deepak	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
59	Declining population of “Particularly Vulnerable Tribe” (PVTGs) Sabar Tribe of India	Ram Soren	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
60	The Significance of Remote Sensing and Spatial Analysis in Environmental Management	Solomon Majidadi	C.13: GIS: Application of remote sensing for environmental management in the global south	Thursday
68	Trend and spatial pattern of stable cropland productivity in China based on satellite observations (2001-2020)	Bo Han	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
74	The Application of Artificial Intelligence and Big Data Technologies, along with the IOT, in Urban Processes Aimed at Achieving the Smart City Approach	HASSAN GHAEDI	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
83	Impact of land use change on net primary productivity and carbon emissions under high urbanization pressure: A case study of the Tianjin Metropolitan Area	Xiaowen Shi	C.42: Urban Commission: Urban sustainability: coupling social-ecological systems to overcome climate and biodiversity crises	Tuesday
89	Building Collective Care and Safety in Frank Rizzo's Philadelphia	Akira Rodriguez	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
96	Flood Resilience Evaluation and Optimization Based on Multi-Agent Systems: A Case Study of Qinba Mountain Area	TBC	C.22: Hazard and Risk: Resilient futures in a world of difference: connecting dimensions for integrated disaster risk ...	Wednesday
97	Yak Wool Commodity Chain and Uneven Geographic Development	Zhuoma Gadou	C.31: Local and Regional Development: Rural-urban relationships and territorial development - local and regional patterns	Wednesday
99	Analysis of the Fire Hazard Posed by Petrol Stations in Stellenbosch and the Extent to Which Planning Acknowledges Risk	Kwanele Qonono	C.22: Hazard and Risk: Resilient futures in a world of difference: connecting dimensions for integrated disaster risk ...	Wednesday
107	Spatial-temporal dynamics and influencing factors analysis of carbon emission of China using machine learning method	GuangYao Zhou	C.05: Climatology: Climate variability in a decade of climate change and extremity	Wednesday
126	Critical Geopolitics of sustainable Development goals in Managing Environmental Crisis an Emerging Dimension of Environmental Diplomacy.	PAWAN KUMAR	C.04: Biogeography / Biodiversity: Nurturing biodiversity, beyond boundaries: interplay of SDGs, ecological diplomacy and conservation politics	Tuesday
127	Climate Change Impacts on Water Resources and Agriculture in the Central Dry Andes	Antonio Bellisario	C.43: Water Sustainability: Geographies of rivers and floodplains	Thursday
143	Spatial and Temporal Dynamics of Rural Land Transfer Patterns and Driving Factors-Case Study of Tianjin Metropolitan Area	Yanning Gao	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
150	The role of change agents in green path (battery industry) development in the Nordic region.	Ejike Okonkwo	C.14: Future Earth: Regional approach to circular economy transitions	Wednesday
154	Yemen's maritime Geo-strategy in the Red Sea and Indian Ocean to shift for regional power by using GIS	Mohammed Humran	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
183	Circular economy transformation of the critical infrastructure: An approach towards a green economy and global sustainable development	Bishnu Bose	C.14: Future Earth: Regional approach to circular economy transitions	Wednesday
204	The management of groundwater in the rural areas of Cameroon: the case of the traditional hand-dug-wells	Wamba Le Doux	C.43: Water Sustainability: Water resources management and planning	Sunday
209	Sustainability of Russian ski resorts in the modern climate (climate and snow cover)	Vera Vinogradova	C.17: Tourism, Leisure and Global Change: Critical geographies of tourism	Monday
217	Workplace and time management in the digital area- The case of digital nomads in Greece	Gerasimos Ilioiou- Tsourouflis	C.20: Global Change and Human Mobility: Embracing new lifestyles in a digital world: remote work and nomadism	Thursday
224	Simulation of exchange routes on the Qinghai-Tibetan Plateau shows succession from the Neolithic to the Bronze Age and control of the environment and production mode.	Zhuoma Lancuo	C.20: Global Change and Human Mobility: Interactions between the Silk Road and the Eurasian steppe since the Neolithic era	Wednesday
225	Analysis of the early exchange route and its evolution on the Qinghai-Tibet Plateau based on spatial numerical simulation	Guangliang Hou	C.20: Global Change and Human Mobility: Interactions between the Silk Road and the Eurasian steppe since the Neolithic era	Wednesday
235	Seasonal Variability of Normalized Difference Vegetation Index (NDVI) and the Influence of Internally Displaced Persons (IDPs) in Maiduguri and Environs, Northeast Nigeria	Wakil Bukar	C.29: Land Use and Land Cover Change: Land use/land cover change driving forces and impacts	Wednesday
249	Identification of Seamount Features in the Southern Waters of Java Island-Indonesia	Syachrul Arief	C.35: Mountain Studies: International symposium of mountain studies	Tuesday
251	Hydrologic Connectivity for Understanding Sedimentological Fluxes in a Deltaic Environment	Florin Dutu	C.19: Geomorphology and Society: Floodplain sedimentation and agricultural land use dynamics of the large river basins	Tuesday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
269	Melting Frontiers: Visualizing Glacier Recession and Alpine Species' Elevational Range Shifts to Foster Climate Change Awareness	David Pontius	C.04: Biogeography / Biodiversity: Mountain ecosystems responses to climate and land use change	Sunday
276	DYNAMIQUE DE L'OCCUPATION DU SOL ET CONFLITS D'USAGE DES TERRES DANS LE DEPARTEMENT DE SINEMATIALI AU NORD DE LA CÔTE D'IVOIRE	KOUADIO EUGENE KONAN	C.29: Land Use and Land Cover Change: Land use/land cover change driving forces and impacts	Wednesday
282	"Enhancing sustainable development in coastal tourism: exploring integrated coastal	ama samaradheera	C.17: Tourism, Leisure and Global Change: Prospects and limits of policy, governance, and individual practices for sustainability transformation ...	Sunday
284	the integration and interaction of Central Asian steppe and oasis populations in the Bronze	HUIQIU SHAO	C.20: Global Change and Human Mobility: Interactions between the Silk Road and the Eurasian steppe since the Neolithic era	Wednesday
299	The poverty evolution of typical countries along the Belt and Road and implications from China's poverty reduction experiences	linna SHI	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
318	Temporary Residents in German Cities: Everyday Places and Practices	Maya Kretzschmar	C.20: Global Change and Human Mobility: Temporality and translocality of living – practices and places of belonging	Thursday
346	Women and Borders: Public Security Policies in the Border Region - The Case Study of Foz de Iguacu- State of Paraná- Brazil	Nacácio do Nascimento	C.11: Gender and Geography: Analysing space through a gender lens: international reflections.	Monday
370	Dependency on Traditional Medicines and Women's Health Issues: A Qualitative Exploration among Indigenous Garo Tribes.	Piyasa Mal	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
381	Interdisciplinary teaching in geography and mathematics - presentation of a systematic review	Anna Kellinghusen	C.12: Geographical Education: The integrative power of geography education	Wednesday
382	Embracing Diverse Perspectives: The Power of Intellectual Pluralism	Ranita Karmakar	C.44: Informality, Social Change and Development: Global perspective on informality and precarity	Thursday
390	Study pattern of spread of Scrub Typhus fever in India	Asmi Dubey	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
406	The health map of Spain: spatial basis and thematic information	Carmen Bentué Martínez	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
416	Global evidence of urban-rural settlement expansion and implications for cropland loss during 1985-2020	Cong Ou	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
420	Revolutionizing Cancer Research and Treatment: The Crucial Role of Comprehensive Data Repositories	kaashvi Dubeyj	C.23: Health and Environment: Health-enabling places, spaces and traces: Intimate sensing and difference	Thursday
422	The expansion of rural settlements and its impact on China's food security under the shared socioeconomic pathways	Xuhong Li	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
440	Mountain Ecosystems Responses to Climate and Land Use Change in the East Africa Region	Rumanzi Bushari	C.29: Land Use and Land Cover Change: Land use and land management strategies for climate change adaptation and biodiversity conservation	Thursday
448	Climate change and sexual and reproductive health interconnectedness: Implications for policy and programming	John Atwebembeire	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
450	Optimizing field management to promote the development of eco-agriculture in loess hilly-gully region, China	Yunxin Huang	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
451	Place matters: Universal coverage of institutional delivery is a reality or a dream?	Raj Kumar	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
457	Scale effects on sediment delivery ratios in southwest China and its implications for underground soil loss in karst areas	Keli Zhang	C.26: Karst: Global karst utilization and management	Tuesday
481	GROUNDWATER POTENTIAL ASSESSMENT OF KANO METROPOLIS, NIGERIA USING ERDAS IMAGINE, PCI GEOMATICA, ARCMAP AND EXPERT CHOICE SOFTWARE	ALIYU KANKARA	C.19: Geomorphology and Society: Application of remote sensing in surface water hydrology	Monday
485	Research on The Production Mechanism and Response of Communities Productive Landscape in Urban Fringe from The Perspective of Everyday Life	Lijun XU	C.44: Informality, Social Change and Development: Global perspective on informality and precarity	Thursday
490	Marital choice, spousal communication and contraceptive use among married adolescent females in Uttar Pradesh and Bihar, India	Pintu Paul	C.37: Population Geography: Geography of family and household changes	Sunday
503	Tracking the 'mail-in-brides': A census-based study on Haryana	Ardhendu Banerjee	C.37: Population Geography: Geography of family and household changes	Sunday
506	Evolution of human-earth system by geographical engineering: A case study of Loess Plateau	Sixin Su	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
512	Substitution automation and health in Europe	Arsène Perrot	C.09: Dynamics of Economic Spaces: Places of work and work in places	Wednesday
516	Changes in the equilibrium of the urban transport system of a large city following an urban flood	Szymon Wiśniewski	C.22: Hazard and Risk: Resilient futures in a world of difference: connecting dimensions for integrated disaster risk ...	Wednesday
521	Utilization of Community-Based Health Centers (Puskesmas) to Improve Accessibility of Health Services, Early Detection, and Post Treatment of Post-Stroke Movement Disorders	Rosinta Purba	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
535	Modeling risk of Hemorrhagic fever with renal syndrome (HFRS) on the China-Russia border	Li Wang	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
547	The Limits of Change to Built Cultural Heritage. A Cartography of Paradigms	Vanessa Ziegler	C.08: Cultural Approach: History, heritage, and culture: the role of cultural geography in the heritage planning and management	Wednesday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
556	Using confiscated assets from organised crime for social purposes and regional development: a comparative study of Lecco and Bari (Italy)	Claudia Palermo	C.42: Urban Commission: Spatial perspectives of urban crime	Wednesday
568	Dangerous Health Risks Faced by Sanitation Worker: A Case Study of Morbidity Prevalence and Health-Care Expenditure Among Sanitation Workers in National Capital of India, Delhi	Menka Chaudhary	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
571	Geographies of childhoods and youth: Manufacturing "Technologies of the Self" for educational inequality? Spatial experiences of young people in the Metropolitan Region of	Ulises Sepúlveda	C.08: Cultural Approach: Global perspectives on children and young people	Sunday
578	Transition of transhumance community: A case study of Khampa Bhotias	Angmo Bhotia	C.35: Mountain Studies: International symposium of mountain studies	Tuesday
580	Trajectory of remarkable natural events in La Réunion island since 17th century	Messie Dupont	C.13: GIS: Geospatial approaches, GIScience and remote sensing for the study of past natural hazards	Monday
583	Border Dynamization": A New Tool for Shaping the Geopolitical Economy Context and Cross-border Tourism Interaction - The Case of Yunnan Border	Chang NIU	C.36: Political Geography: Geo-setting and geopolitical contexts: considering Chinese and Western approaches to contextualized ...	Tuesday
586	Assessing the quality of campus public spaces through mobile crowdsensing survey	Jaroslav Dzialek	C.42: Urban Commission: University campuses: from ivory towers to living labs	Wednesday
599	The health inequity and socioeconomic inequality faced by the urban population in Nigeria	Abubakar Abdullahi	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
602	The use of mobile transects in the evaluation of thermal comfort: an analysis based on the implementation of green corridors in Sobral-Ceará/Brazil	Jander Monteiro	C.05: Climatology: Urban climate	Monday
625	Differentiation of flood vulnerability in selected municipalities of Mazovia Province	Marta Borowska-Stefanska	C.22: Hazard and Risk: Resilient futures in a world of difference: connecting dimensions for integrated disaster risk ...	Wednesday
642	The Role of International Remittances in Asia's Regional Development	Geunyoung Jang	C.31: Local and Regional Development: Territorial development, peripheral areas and cross-border cooperation	Thursday
649	Investigating Mass Balance of the Milam Glacier in the Western Himalaya using Geospatial Techniques	Ajay Kumar	C.19: Geomorphology and Society: Application of remote sensing in surface water hydrology	Monday
660	Impact of climate variability on the feeding glaciers of Potentially Dangerous Glacial Lakes (PDGLs) in the Jhelum basin of Kashmir Himalaya, India.	Rayees Ahmed	C.22: Hazard and Risk: Exploring the differences in understanding and addressing natural hazards	Thursday
664	EXCESS USE OF CHEMICAL FERTILIZER IN AGRICULTURE AND ITS IMPACT ON HUMAN HEALTH, RAJASTHAN, INDIA	Mohammed Sheikh	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
672	UCFTNet: Multi-Class Semantic Segmentation of Disaster Damage Based on U-Shaped Cross Fusion Transformer	Lingfei Shi	C.22: Hazard and Risk: Extreme events: observations and modeling	Tuesday
673	Unveiling the 6 F's in the Israeli Digital Nomad's Lifestyle	Varda Katzauer	C.20: Global Change and Human Mobility: Embracing new lifestyles in a digital world: remote work and nomadism	Thursday
676	between a mixed residential area and a newly developed residential area in Hiroshima city	Norie IKESHOJI	C.42: Urban Commission: Urban sustainability: coupling social-ecological systems to overcome climate and biodiversity crises	Tuesday
679	Spatial equity in healthcare access: An opportunity-utilization perspective	Fangye Du	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
685	FROM ENGINEERING-BASED TO NATURE-BASED: THE MANAGEMENT PROCESS OF RIVERINE LANDSCAPE OF SONGHUA RIVER IN CHINA'S COLD REGION	ShiPeng Wen	C.43: Water Sustainability: Geographies of rivers and floodplains	Thursday
686	Exposure and Leisure-time Physical Activity Participation: A Micro-timescale Retrospective Longitudinal Study	PEILING ZHOU	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
703	Tracking Greenery Changes in the Hanthana Lower Area (2000–2022): A Geospatial Perspective	Shashini Bandara	C.13: GIS: Geospatial approaches, GIScience and remote sensing for the study of past natural hazards	Monday
707	Issues surrounding no-regular employed women during the COVID-19 pandemic	Yoko YOSHIDA	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
708	Combating Desertification and Land Degradation in Aravali Hill Region of Rajasthan (India): A Rejuvenation Treatment Plan	Tej Chouhan	C.27: Land Degradation / Desertification: Increasing extreme weather events and land degradation	Sunday
729	Qanat and the Virtuous Interaction between Human Beings and the Arid Environment	Min Zheng	C.20: Global Change and Human Mobility: Human-environmental interactions in the ancient Silk Road regions	Monday
731	Spatial-temporal Distribution and Evolution of the Socialist Built Heritage in China, 1949–1978	Xidong Ma	C.08: Cultural Approach: History, heritage, and culture: the role of cultural geography in the heritage planning and management	Wednesday
734	The resident-tourist sharing degree of urban public recreation space and the influencing factors in Wuhan, China	Yanan Tang	C.17: Tourism, Leisure and Global Change: Critical geographies of tourism	Monday
750	Territorial development and measurement of inequalities in Spain. The local human development index	MercedesÁngeles Rodríguez-Rodríguez	C.32: Marginalisation, Globalisation, Regional and Local Responses: Marginal landscapes and landscapes of marginal and left-behind places	Wednesday
757	The fantasy of land subsidence	Su-bing Chang	C.22: Hazard and Risk: Exploring the differences in understanding and addressing natural hazards	Thursday
758	OSL dating of flood deposits and its archaeological implications in the Yi-Shu River Basin, East China	Xiaodong Miao	C.20: Global Change and Human Mobility: Interactions between the Silk Road and the Eurasian steppe since the Neolithic era	Wednesday
769	The limitation of badland land use at SW Taiwan	JIUN-CHUAN LIN	C.27: Land Degradation / Desertification: Peatland degradation: current status and sustainable solutions	Sunday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
780	Analysis and simulation of the coupling mechanism between rural land use and ecological environment effect -- a case study of Lingbao City	yuhao xiu	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
784	Significant elevation dependent warming over the Tibetan Plateau after removing longitude and latitude factors	Fangying Wu	C.35: Mountain Studies: International symposium of mountain studies	Tuesday
794	Spatio-temporal changes and hydrological forces of wetland landscape pattern in the Yellow River Delta during 1986-2022	Mengqi Qiu	C.29: Land Use and Land Cover Change: Land use/land cover change mapping: data and methodology	Sunday
797	The impact of land use changes on the magnitude of soil erosion by water: a case study of the Perznica catchment (NW Poland) in 1789-2022	Mikolaj Majewski	C.29: Land Use and Land Cover Change: Land use/land cover changes and land degradation in the Anthropocene	Sunday
798	LIFE ON THE LINE; A CASE STUDY OF BORDER VILLAGE 'DEMCHOK' LOCATED AT '0' KM FROM LINE OF ACTUAL CONTROL (LAC), INDO-CHINA BORDER, LEH DISTRICT	Tsering Dorjay	C.36: Political Geography: Geo-setting and geopolitical contexts: considering Chinese and Western approaches to contextualized ...	Tuesday
802	Review and Optimization of Fishing Ban Policies in the Poyang Lake Basin from : A Perspective of Sustainable Livelihoods	Wen peng	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
809	Evaluation of uncertainties in Flash flood hazard mapping caused by selection of topographic indicators: A case study in the Yarlung Zangbo River basin, China	jiayu tian	C.22: Hazard and Risk: Exploring the differences in understanding and addressing natural hazards	Thursday
821	Social innovation as a response to challenges in rural-urban transformation: A case study from Indonesia	Fikri Zul Fahmi	C.31: Local and Regional Development: Rural-urban relationships and territorial development - local and regional patterns	Wednesday
826	Hollow Population in Rural China: A Case Study of a Typical Region	Wen Qi	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
828	Prediction of the change in suitable growth area of Sabina Tibetica on the Qinghai-Tibetan Plateau using MaxEnt model	Jingjie Wang	C.04: Biogeography / Biodiversity: Dynamic narratives and trends in biodiversity conservation and sustainable development	Monday
838	Universities and Cities: impacts of new campuses in small and medium-sized cities in Brazil	Wendel Baumgartner	C.42: Urban Commission: University campuses: from ivory towers to living labs	Wednesday
861	Access to Cardiovascular Hospitals in Romania: A Study on Potential Spatial Accessibility	Alexandra Cioclu	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
873	Modelling the potential benefits of greenways using geospatial data in the city of Ouagadougou, Burkina Faso	Youmanli Enok Ferdinand COMBARY	C.42: Urban Commission: Urban sustainability: coupling social-ecological systems to overcome climate and biodiversity crises	Tuesday
879	Land Subsidence Prediction along Typical High-Speed Railways based on InSAR and GBDT technique.	chaofan zhou	C.13: GIS: Geospatial approaches, GIScience and remote sensing for the study of past natural hazards	Monday
883	The transformation of and the issues facing Kona coffee production amidst Coffee Leaf Rust damage	Madoka Uemura	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
888	The Potential of Yuzu in Agriculture in Mountainous Areas of Japan	Kyohei Yamasaki	C.39: Sustainability of Rural Systems: Industry sustainability and multifunctionality in the countryside	Monday
893	Territorial inequality in supplying graves: a case study of the role of the private sector in Tokyo metropolitan area, Japan	Hayato Suzuki	C.31: Local and Regional Development: Place based policies and governance: Opportunities, challenges and diverse perspectives	Sunday
894	"Khwajasation" in South Asia: The role of saint and his shrine in building the imageability of Ajmer	Sarah Ahmad	C.08: Cultural Approach: Being from the place! Discourse and narrative of human's being special relationship to a portion of ...	Wednesday
901	Growing geography in private and public schools in South Africa through the Southern Africa Geography Teachers Association and prep-share.	Jacqueline Brown	C.12: Geographical Education: The integrative power of geography education	Wednesday
903	Spatiotemporal Diffusion Patterns Associated with COVID-19 in the Tel Aviv and Haifa (Israel) Metropolitan Regions	Adi Ofir	C.03: Applied Geography: Interface of social, medical and digital geography and its sustainability	Wednesday
904	Ecological function transitions of land use in Beibu Gulf Economic Zone from the perspective of "production-living-ecological" functions	Guipeng Zhou	C.39: Sustainability of Rural Systems: Industry sustainability and multifunctionality in the countryside	Monday
912	Spatial-temporal characteristics and national differences of land cover change on the Tibetan Plateausince 1992	Yili Zhang	C.35: Mountain Studies: International symposium of mountain studies	Tuesday
914	Potential impacts of climate and anthropogenic-induced changes on DOM dynamics among the major Chinese rivers	Si-Liang Li	C.43: Water Sustainability: Geographies of rivers and floodplains	Thursday
915	Science Media Literacy - Students' Handling of Online Information on Climate Change	Maiké Rosing	C.12: Geographical Education: Geography teachers and the challenges of the Anthropocene	Sunday
916	Revealing Spatial Patterns and Drivers of Rural Population Outflow: A Multi-Source Data Analysis in Suide County, China	Linna Li	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
934	Deciphering how land consolidation contributes to village vitalization in China: A comparison between two eastern villages	Yanfeng Jiang	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
947	TOGETHER FOR SAFETY- THE ROLE OF CIVIL SOCIETY IN CREATING CARING AND SAFE PUBLIC SPACES IN SWEDEN	Linda Sandberg	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
956	Knowledge Mining and Analysis Based on Spatiotemporal Knowledge Graph of Research Areas: A Case Study of Research Areas in Chinese Academic Paper Abstracts	Yuqing Sun	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
986	Challenges of the Natural Environment in the Planning and Development of Cities in Enugu State Nigeria: Application of GIS and Fieldwork Pedagogies in Geographic Studies	Romanus Ayadiuno	C.12: Geographical Education: Outdoor learning in geography education	Thursday
992	Social-ecological networks in transboundary coastal governance	Rebecca Borges	C.31: Local and Regional Development: Place based policies and governance: Opportunities, challenges and diverse perspectives	Sunday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
1000	Inter-dependency in the intertidal zone? A conceptual model exploring the linkages between seagrass and saltmarsh environments	Kevin O'Leary	C.06: Coastal Systems: Managing, protecting, and conserving of the coastal natural resources	Wednesday
1006	The karst utilization and management in Vietnam	Haryono Eko	C.03: Applied Geography: Geography and public policy: harnessing opportunities for engagement	Wednesday
1012	CR practices in a Global citizenship education perspective for the Peace	Fiorella Dallari	C.17: Tourism, Leisure and Global Change: On the edge of culture and tourism: exploring the dynamics of cultural routes and heritage trails	Wednesday
1040	Land dynamic remote sensing monitoring for sustainable land use and agricultural development	Zhenrong Du	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1045	EXPLORING GEOTOURISM DYNAMICS: OPPORTUNITIES AND CHALLENGES IN THE BAGH REGION OF CENTRAL INDIA, MADHYA PRADESH	Vedika Gupta	C.17: Tourism, Leisure and Global Change: Beyond development: community empowerment, social justice, and the local in tourism	Monday
1046	A Comprehensive Analysis Using Google Earth Engine for the Year 2023	Nethma Senarath	C.13: GIS: Geospatial approaches, GIScience and remote sensing for the study of past natural hazards	Monday
1062	Reconciling East Asia's mid-Holocene temperature discrepancy through vegetation-climate feedback	TBC	C.05: Climatology: Historical climatology I	Tuesday
1065	Extraction of Intersection Traffic Rules from Crowdsourcing Data	Junli Liu	C.03: Applied Geography: Applied smart data research	Thursday
1067	Assessment of Public Health Care Infrastructure Accessibility in NCT Delhi using Geo-spatial Techniques	Nishu Saharan	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
1068	Enhancing Human Well-being as a Pathway to Local Environmental Protection: Insights from Wuyishan National Park	Zhaoguo WANG	C.14: Future Earth: Promote ecosystem services for sustainable development goals	Wednesday
1070	Active Commuting as an alternative to Fitness? The influence of building environment on BMI and self-rated health in the context of job-housing separation	Wen Li	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
1074	Spatiotemporal Big Data: Philosophical Foundations, Security Challenges, and Cross-Domain Applications in the Big Data Era	Shiyuan Cheng	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
1097	Poverty Estimation Using a ConvLSTM-Based Model with Multi-Source Remote Sensing Data	Xizhi Zhao	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1106	An assessment of the sustainability of introducing biodegradable diapers as an alternative to non-biodegradable diapers: a case study of Setumong village, Limpopo province, South Africa	Josephine Letsoalo	C.14: Future Earth: Geographies of sustainable consumption	Wednesday
1111	Dynamics of temporal and spatial changes in the climate of Poland in the period 1971-2020 based on climatic water cycle indices	Józef Szpikowski	C.05: Climatology: Climate variability in a decade of climate change and extremity	Wednesday
1122	Data literacy and geography: A systematic literature review	Laura Rink	C.12: Geographical Education: Future direction of pedagogies within geography in higher education	Sunday
1123	A multi-level approach to the spatiotemporal dynamics of global urban expansion, population, and economic development	Jingyan Yu	C.29: Land Use and Land Cover Change: Land use/land cover change driving forces and impacts	Wednesday
1124	Restoration and interpretation: the research on modern Shanghai urban space spreading	XIAOHONG ZHANG	C.16: Information, Innovation and Technology: Geographies of information, communication and society	Sunday
1129	Variations of human livelihoods during the Zhou and Han Dynasties in relation to geopolitical changes along the eastern Silk Road	TBC	C.20: Global Change and Human Mobility: Interactions between the Silk Road and the Eurasian steppe since the Neolithic era	Wednesday
1132	The coastal protection potential of North Bull Island, Dublin Bay: A preliminary study of aeolian sand transport and dune stability on Dollymount Strand	Jennifer Clarke	C.06: Coastal Systems: Transdisciplinary science for near-future habitable coasts	Monday
1150	Re-frame mountain tourism territories under climate and societal crises. The case of Alta Valtellina Region	Francesca Mazza	C.17: Tourism, Leisure and Global Change: Critical geographies of tourism	Monday
1161	Territorial dynamics of dental services in Romania, and effects on the oral health of the population: case study - South-West Oltenia Development Region	Alexandru Mihailescu	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
1185	Estimation of Extreme Precipitation in the Huai River Basin based on High Resolution Downscaled Dataset NEX-GDDP-CMIP6	Shanshan Wen	C.22: Hazard and Risk: Extreme events: observations and modeling	Tuesday
1187	Major changes in the structure and numerical evolution of Romania's population in the post-socialist economy	Vasile SURD	C.37: Population Geography: Migration and the geographies of care	Monday
1201	Process and characteristics of urban-rural habitat spatial transformation in the Yangtze River Delta region under the background of urban-rural integration	Lie YOU	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1217	Geopolitical visualization of covid-19 and vaccination in Nigeria	Uguru Ibor	C.23: Health and Environment: Health geography post-Covid-19	Sunday
1233	Balancing conservation and human access to nature: the impact of the construction of a causeway on water levels and sedimentation, North Bull Island, Dublin.	Iris Möller	C.06: Coastal Systems: Transdisciplinary science for near-future habitable coasts	Monday
1272	Transitioning from overtourism to sustainable tourism: Issues and caveats raised by the Italian cases of Venice and Trentino	Michael Clancy	C.17: Tourism, Leisure and Global Change: Beyond development: community empowerment, social justice, and the local in tourism	Monday
1279	Attiéké de lagoons, geographical origin of a terroir product in côte d'ivoire	Kouakou Philipps Kouakou	C.02: Agri Geography / Land Engineering: Foodscapes - complex relationships of food production, distribution and consumption	Thursday
1293	Geographical Patterns of Water Contact: Analyzing Schistosomiasis Transmission in Philippine Communities	Renato Cerdena	C.23: Health and Environment: Frontiers in geospatial health	Tuesday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
1299	Health in Abandoned Plantations: Geographies of Disease in the Indian Himalayan Foothills	Bikash Das	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
1302	A Study on the Well-beings of Urban Riverside Recreation Space and Their Influencing Factors: The Case of Hankou Riverside Park in Wuhan, China	TBC	C.17: Tourism, Leisure and Global Change: Critical geographies of tourism	Monday
1304	Spatio-temporal evolution of migration among prefectural-level administrative units in China from 1995 to 2015	Wenqian KE	C.37: Population Geography: Migration and the geographies of care	Monday
1309	Comprehensive hazard, exposure, and vulnerability to assess plant-allergenic risk -taking Guangzhou as an example	XIAO Rongbo	C.42: Urban Commission: Climate change, resilience, urban health and well-being	Sunday
1313	Temporal and spatial changes in water yield in the Nansihu River Basin in the past 20 years	Wei Zhang	C.43: Water Sustainability: Water resources management and planning	Sunday
1323	Developing urban shade planning by understanding daily population dynamics under extreme heat events	Bin Chen	C.42: Urban Commission: Urban sustainability: coupling social-ecological systems to overcome climate and biodiversity crises	Tuesday
1326	Income-based variation of environmental effects of family food consumption and the affordability towards healthy diets	Jingwen Kou	C.02: Agri Geography / Land Engineering: Foodscapes - complex relationships of food production, distribution and consumption	Thursday
1332	Climate Change, Food Security and International MigrationNexusin West Africa: A Multilevel Logistic Regression Analysis for the Gambia.	Ebrima Ceesay	C.02: Agri Geography / Land Engineering: Foodscapes - complex relationships of food production, distribution and consumption	Thursday
1336	Curricular autonomy: an alternative for teaching Geography in the second and third year of secondary education	Ricardo Guerra	C.12: Geographical Education: Exploring current issues and events through primary/elementary and lower secondary geography education	Thursday
1337	Quantifying thresholds within surface runoff source-sink dynamics toward a resilient urban green infrastructure system	Kejing Zhou	C.42: Urban Commission: Urban sustainability: coupling social-ecological systems to overcome climate and biodiversity crises	Tuesday
1342	Revenge tourism – The case of the "Iron sword" war	Shlomit Hon Snir	C.17: Tourism, Leisure and Global Change: Tourism geographies looking forward: a critical review of (no)changes in times of uncertainty	Tuesday
1344	Research on the Network Vitality of Urban Business District based on Spatiotemporal Big Data Modeling	Tingting Xu	C.34: Modelling Geographical Systems: Modeling and simulating geographical systems in the Big Data era	Tuesday
1352	Contrasting signatures of inundation dynamics in Poyang Lake Wetland after the operation of Three Gorges Dam	Xue Dai	C.06: Coastal Systems: Managing coastal hazards and minimizing vulnerability	Tuesday
1356	Evaluatingthe Impact of Farmland Conversion on Watershed Flood Control in Mountainous Areas Using Remote Sensing: A Case Study in Kushida River, Japan	Zhiqiu XIE	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1365	CHARACTERISTICS OF AGRICULTURAL REGIONAL FUNCTIONAL DIFFERENTIATION AND EVOLUTIONARY MECHANISMS IN LOESS HILLY AND GULLY REGION	Pei Long	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1368	FROM WESTERN CENTRALISM TO DECENTRALIZATION: TRENDS, BREAKTHROUGHS AND LIMITATIONS IN THE WORLD CITY NETWORK BASED ON THEWINTER OLYMPIC GAMES	Yubin Ou	C.44: Informality, Social Change and Development: Global perspective on informality and precarity	Thursday
1370	Study on the spatial pattern, coupling and coordination relationship between rural economic resilience and arable land fragmentation: take Fengjie County	Heping Liao	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1372	Hydroclimate variations across the North-Central China during the past 530 years and their relationships with atmospheric oscillations	Jingjing Liu	C.05: Climatology: Historical climatology I	Tuesday
1373	Analysis of the Geomorphic Features and Activity of Xianshuihe Fault	MAYADA HASSAN	C.19: Geomorphology and Society: Application of remote sensing in surface water hydrology	Monday
1376	EVALUATING THE WATER QUALITY STATE OF NATURAL LAKES WITHIN LOW HYDRODYNAMIC CONDITIONS FROM THE MATITA-MERHEI HYDROGRAPHIC UNIT, DANUBE DELTA, ROMANIA	Irina Catianis	C.43: Water Sustainability: Wetlands: changing landforms under changing environmental and climatic conditions	Thursday
1377	The trends and impacts of nitrogen and phosphorus pollution in Henan section of Yellow River Basin, China	Xu Yang	C.34: Modelling Geographical Systems: Modeling and simulating geographical systems in the Big Data era	Tuesday
1384	Assessment of the impact of the operation of a large reservoir on the thermal and ice regime of a mountain river	Maksymilian Fuks	C.43: Water Sustainability: Geographies of rivers and floodplains	Thursday
1385	Land degradation neutrality assessment and factors influencing it in China's arid and semiarid regions	Siyuan Feng	C.14: Future Earth: Promote ecosystem services for sustainable development goals	Wednesday
1399	Ordering a world of difference: local bordering practices in Tapachula, Mexico	Thomas Cattin	C.36: Political Geography: Political geography & geopolitics - theory, methodology, empirical case studies	Monday
1417	"Stau-like" cloudiness over northern Spain: assessment of characteristics and evolution from 1961 to 2020	Francisco Conde-Oria	C.05: Climatology: Climate variability in a decade of climate change and extremity	Wednesday
1421	Spatial Heterogeneities in mobility and shrinking family size and its effect on life satisfaction among the elderly in the Global South	Rufi Shaikh	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
1423	Smoke in the olive groves: mapping contamination in a Palestinian e-waste hub	Nelly Leblond	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
1428	Temporal Variability and Geographical Origins of Airborne Pollen Concentrations from 2010 to 2016 at Santander (Northern Spain)	Domingo Rasilla	C.05: Climatology: Climate variability in a decade of climate change and extremity	Wednesday
1436	Chinese agriculture for "green and grain" productivity growth: evidence from Jiangsu province	Tao JIN	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1443	Alcohol availability in Ireland – density of liquor licences and variations by area of deprivation	Anne Doyle	C.23: Health and Environment: Frontiers in geospatial health	Tuesday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
1447	Developing phosphorus cycle model based on human-nature interactions: A geographical approach toward circular economy	Seishiro Sakita	C.14: Future Earth: Regional approach to circular economy transitions	Wednesday
1450	Migration dynamics in urban and rural municipalities in Spain before, during and after the Covid-19 era	Matias Reus-Pons	C.39: Sustainability of Rural Systems: Rural areas in a post-Covid-19 era	Monday
1462	Deviation between intention and behavior regarding farmers' adoption of Climate-smart agricultural practices: Evidence from four provinces in China	Yuting Xu	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1464	yes	Carlos Guallart	C.12: Geographical Education: Beyond traditional geography education in schools – inquiry, problem and project-based learning with ...	Monday
1470	Analysis of the decreasing food security situation and its impact on household in Pakistan	Ismail Shahid	C.32: Marginalisation, Globalisation, Regional and Local Responses: New geographies of food production and consumption: possibilities for alternative food systems in ...	Sunday
1473	Assessing precipitation concentration over Narmada River basin under past and future climate	Jyoti Sharma	C.05: Climatology: Climate variability in a decade of climate change and extremity	Wednesday
1476	Safe disposal of Insulin therapy waste in Indian household: A policy perspective	Ishita Goyal	C.23: Health and Environment: Innovative approaches to enhancing wellbeing in the context of interconnected global crises: ...	Wednesday
1479	Emotional reactions, tourism, and purchasing decisions during the "Iron Sword" war – Gender differences	Keren Michael	C.17: Tourism, Leisure and Global Change: Critical geographies of tourism	Monday
1488	Weakened inter-latitude temperature gradient causes drought in the East Asian summer monsoon region	Lin Chen	C.20: Global Change and Human Mobility: Human-environmental interactions in the ancient Silk Road regions	Monday
1492	Spatio-temporal evolution characteristics and trend prediction of urban digital technology innovation levels in China	Yuanping FANG	C.09: Dynamics of Economic Spaces: Economic dynamics of (smaller) urban places	Sunday
1496	Climate change vulnerability of cultural landscapes and intangible heritage: a research gap between nature, culture, and community	Samantha Tobiáš	C.08: Cultural Approach: History, heritage, and culture: the role of cultural geography in the heritage planning and management	Wednesday
1513	(Post-)Migrant gastronomes navigating gentrification - Lived accounts from a rapidly changing foodscape in the city of Münster, Germany	Maximilian Schrobenhauser	C.02: Agri Geography / Land Engineering: Foodscapes - complex relationships of food production, distribution and consumption	Thursday
1527	Crop structure adjustment under climate change can promote agricultural sustainability	Xiaoya Wang	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1551	Centering Community Voices in Biogas Development: A 'Just Transition' Case Study from the West of Ireland	Niamh Donnelly	C.38: Research Methods: Spatial justice and community engaged research	Tuesday
1558	Five principles for just and sustainable energy transitions – integrating citizenship and social innovation.	Richard Hewitt	C.14: Future Earth: Energy security and justice	Monday
1565	Beyond the city life: assembling everyday family life after counterurbanization	Fredrik Hoppstadius	C.37: Population Geography: Geography of family and household changes	Sunday
1567	Rural contiguous development in the mountainous areas of China: Is it an imagination of the future countryside or a practical demand for urban-rural integration development	Jie Qiao	C.39: Sustainability of Rural Systems: Industry sustainability and multifunctionality in the countryside	Monday
1573	Future Changes of Heatwaves over Three Major Urban Agglomerations in China based on NEX-GDDP-CMIP6	Miaoni Gao	C.05: Climatology: Extreme weather and climate events: causes, consequences, and impacts	Thursday
1601	Research on the economic transformation potential of traditional villages and cultural resources in the regional scale	Danyun Jin	C.17: Tourism, Leisure and Global Change: On the edge of culture and tourism: exploring the dynamics of cultural routes and heritage trails	Wednesday
1610	Can Built Environments Influence Students' Mental Health? Assessment of Perceived Restoration in University Campuses and Its Influencing Factors: A Case Study from China	Zihan Gao	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
1619	Promoting self-efficacy in pre-service geography teachers: Findings from a teaching-learning laboratory approach	Nadine Rosendahl	C.12: Geographical Education: Future direction of pedagogies within geography in higher education	Sunday
1636	Transformation of Rural Areal System from the Detection of Farmland Transition: A Case Study of Jiaocun Town in Henan Province	yu zhao	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1638	VARIATION CHARACTERISTICS OF RAINFALL ALONG ELEVATION GRADIENT IN THE YARLUNG TSANGBO GRAND CANYON, CHINA	Dianbin Cao	C.20: Global Change and Human Mobility: Human-environmental interactions in the ancient Silk Road regions	Monday
1640	Impact of hydropower-induced resettlement on rural livelihoods in southwestern China	Xiaoyin He	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1641	Capturing complexity - The development of a novel framework of coastal change models to improve our understanding of urban barrier islands	Abbie Nugent	C.06: Coastal Systems: Transdisciplinary science for near-future habitable coasts	Monday
1653	How do innovation capital flows reinvent urban spaces? A comparative analysis of urban networks in China	Haiyu Zhang	C.16: Information, Innovation and Technology: Geographies of innovation and knowledge-based development	Tuesday
1662	Surveying the likelihood of vacancy: auditing open datasets on vacant property in Ireland	Jack Kavanagh	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
1666	The social component of walking and cycling in urban transport: Case study of city of Novi Sad, Serbia	Tijana Tomić	C.41: Transport and Geography: Sustainable transit-oriented development (STOD): new perspectives and advances	Wednesday
1669	Water resources management model of tobacco-rice rotation in Ningyuan County, Hunan Province based on Deep Learning	Peilong Li	C.34: Modelling Geographical Systems: Advancing earth's sustainability: integrating AI and Big Data in geoscience research	Tuesday
1677	Mechanisms of urbanization on spatial heterogeneity of soil moisture	Liang Xiong	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
1679	The power of LIDAR and GIS for erosion monitoring and modeling: Case study of Đavolja varoš geosite, Serbia	Dajana Tešić	C.34: Modelling Geographical Systems: Modeling and simulating geographical systems in the Big Data era	Tuesday
1694	ANEMIA AMONG THE WOMEN OF NORTHEAST INDIA IN THE REPRODUCTIVE AGE: A MULTILEVEL ANALYSIS OF THE DETERMINANT FACTORS	Ruma Talukdar	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
1702	A study on the equity of urban and rural basic education service facilities based on accessibility.	Xiu xiu Wang	C.31: Local and Regional Development: Rural-urban relationships and territorial development - local and regional patterns	Wednesday
1703	Breaking down or building up? Domestic caring practices in relation to urban infrastructure	Luca Hopman	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
1704	Analysis of forest cover in Italy at Small Administrative Units: Assessing the spatial coherence of Land Cover indicators from different data sources	Alessia D'Agata	C.29: Land Use and Land Cover Change: Land use/land cover change mapping: data and methodology	Sunday
1712	The role of agricultural extension systems in promoting conservation agriculture among smallholder farmers: a gender perspective	Yuhang Ge	C.11: Gender and Geography: Gender and nature in geography: ecofeminism, women's mobilizations for natural environment, community ...	Thursday
1714	Association of Substance Use and Mental Health among Young Youth in Slum Dwellers of Delhi, India	Bhawna Bhawna	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
1727	Morphodynamics of the Danube riverbed at the apex of the Danube Delta, under the influence of natural and anthropogenic factors	Gabriel Iordache	C.19: Geomorphology and Society: Floodplain sedimentation and agricultural land use dynamics of the large river basins	Tuesday
1731	Factors affecting choice of hotel selection through Henry Garrett Ranking method - An Empirical Study of Jaipur, Rajasthan.	TBC	C.17: Tourism, Leisure and Global Change: Beyond development: community empowerment, social justice, and the local in tourism	Monday
1732	Enhancing Ireland's coastal zone management with Digital Twin technologies: The Digital Environmental Technology for Enhanced Coastal Zone Management (DETECT) project	Larissa de Oliveira	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
1740	A critical reading of the process of greening spatial planning: the Spanish case	Enrique Peiro Sanchez-Manjavacas	C.14: Future Earth: For a geography of relationality within environmental humanities: territories and collectives of the ...	Tuesday
1748	Assessment of public perception of disaster management in Lagos state, Nigeria.	Adebola Daramola	C.22: Hazard and Risk: Resilient futures in a world of difference: connecting dimensions for integrated disaster risk ...	Wednesday
1755	High-resolution assessment of heat risks to transport systems: a case study of Manchester Metrolink	Alexander Shaw	C.05: Climatology: Advancing transdisciplinary climate risk research	Sunday
1774	Thinking new feminist imaginaries through the covid crisis in Brussels collective housing	TBC	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
1776	Intra-urban inequalities of neighbourhoods in relation to territorial assets for the elderly: an analysis at the building level in the city of Santander (Northern Spain)	Olga De Cos	C.42: Urban Commission: Urban segregation and fragmentation in unequal cities.	Monday
1781	Integrating Large Language Models with Street-Level Imagery for Urban Transport Analysis: A Case in Dublin	Apoorv Agrawal	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
1786	Development of craft breweries as facilities of gentrification in the Tokyo Metropolitan area	Ryo Iizuka	C.02: Agri Geography / Land Engineering: Foodscapes - complex relationships of food production, distribution and consumption	Thursday
1787	Study on the High Quality Development of the Beach areas of the Yellow River	Jie Liu	C.44: Informality, Social Change and Development: Global perspective on informality and precarity	Thursday
1788	Is the geomorphology and social science being rethought in conservation and river restoration processes?	Horacio García	C.19: Geomorphology and Society: Floodplain sedimentation and agricultural land use dynamics of the large river basins	Tuesday
1794	Colocation of medical facilities and their specialties: a case study in Tokyo, Japan	Ikuho Yamada	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
1797	Risk comparison and response of coastal water increase in mega-delta	qinzi cheng	C.14: Future Earth: Science, society, and sustainability for future earth	Thursday
1798	Exploring Livelihoods in Public Spaces of Coastal Environments: An Exploratory Discussion Based on the Sandy Beaches of São Luis, Brazil	Renan Ramos	C.44: Informality, Social Change and Development: Viable cities: exploring provisional practices of social reproduction in diverse urban places	Tuesday
1807	Maranhão's Amazon: assessing current dynamics in multiple and diverse urban contexts	Lucas Seixas	C.37: Population Geography: Cities, population and environment in a changing world	Thursday
1839	FROM UTTAR PRADESH TO SOUTH EAST AND WEST ASIAN COUNTRIES	NARENDRA SHARMA	C.20: Global Change and Human Mobility: International migration from South Asia: drivers and impacts	Sunday
1859	Measuring Spatial Perception: Analyzing Visual Structures of Urban Space with Dense Prediction Transformer through Depth Analysis of Street View Imagery	Song Guo	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
1870	Long-term Impacts of Displacement on the Livelihood and Human Capability Building of the Ousteers: A Case Study of Chandil Dam in Jharkhand, India	Bishwajeet Besra	C.37: Population Geography: Geography of family and household changes	Sunday
1871	Rethinking Collective housing through a decolonial, queer & feminist perspective	TBC	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
1876	"Population density and distribution": A case study from Greece through Geospatial Statistics and ICT.	Ourania Rizou	C.12: Geographical Education: Beyond traditional geography education in schools – inquiry, problem and project-based learning with ...	Monday
1891	Building Resilience - Women as agents of change in achieving environmental sustainability and food security.	Paula Cusack	C.14: Future Earth: Resilience, sustainability and inclusive growth	Sunday
1898	Chemical composition of river water under the influence of the European beaver (Castor fiber) presence in the Western Carpathians	Joanna Wąs	C.43: Water Sustainability: Geographies of rivers and floodplains	Thursday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

1905	Configuration of Local Climate Zones for Ioannina City, Epirus Region, Greece	Panagiotis Nastos	C.05: Climatology: Urban climate	Monday
1918	Hybrid GIS-MCDM approach for Hospital Site Selection Suitability Analysis in Poonch District, Jammu and Kashmir, India	Arshad Ahmed	C.23: Health and Environment: Access to healthcare for disadvantaged groups	Sunday
1947	Research on Sustainable Development of Placeness: Taking Liudui Ecomuseum as an Example	ZHEN-HUI LIU	C.31: Local and Regional Development: Place based policies and governance: Opportunities, challenges and diverse perspectives	Sunday
1958	The extent of semi-natural forest in post-industrial cutaway bogs in Ireland	Meshack Moranga	C.29: Land Use and Land Cover Change: Land use/land cover change mapping: data and methodology	Sunday
1961	Assessment of rainwater quality and urban atmospheric composition in Rio de Janeiro (Brazil)	Antonio Carlos Oscar Júnior	C.42: Urban Commission: Urban sustainability: coupling social-ecological systems to overcome climate and biodiversity crises	Tuesday
1967	Atmospheric Analysis in the 1810s by Assimilating Diary Records in Japan	Xiaoxing Wang	C.05: Climatology: Historical climatology I	Tuesday
1973	Socio-environmental Observatory of Sepetiba Bay: participatory monitoring and territorial governance (Rio de Janeiro, Brazil)	Everthon de Sousa	C.06: Coastal Systems: Managing, protecting, and conserving of the coastal natural resources	Wednesday
1986	Regional approach to phosphorus circulation in crop-livestock farming systems: a comparative study of Japan and France	Kazumi Natsuhara	C.14: Future Earth: Regional approach to circular economy transitions	Wednesday
1990	Global and Local Complementary Multi-path Feature Fusion Network for Crop Remote Sensing Image Classification	Keqian Zhang	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1991	Dietary driven cultivated land scarcity in China	Xinxian Qi	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
1995	Reuse of abandoned rice paddies for phosphorus recovery and water remediation	Takuya Ishida	C.14: Future Earth: Geographies of sustainable consumption	Wednesday
1999	Nigeria's 1979 and 1999 general elections: a geographical analysis	Femi Agholor	C.36: Political Geography: Geographies of voting	Thursday
2001	Research on Machine Learning Hybrid Framework for Flood Forecasting by Integrating Physical Processes of Runoff Generation and Vectorized Flood Processes	HU Caihong	C.34: Modelling Geographical Systems: Modeling and simulating geographical systems in the Big Data era	Tuesday
2003	Analyzing the spatiotemporal evolution and influencing factors of land use in typical floodplains of the Lower Yellow River	Chaojie Niu	C.34: Modelling Geographical Systems: Modeling and simulating geographical systems in the Big Data era	Tuesday
2004	Land Use and Cover Dynamics in Major Projects in the Amazon: The Case of the Belo Monte Hydropower Plant	Pedro Henrique de Castro	C.29: Land Use and Land Cover Change: Land use/land cover change driving forces and impacts	Wednesday
2006	Disaster prevention and mitigation under conditions of low economic growth	Kohei OKAMOTO	C.22: Hazard and Risk: Resilient futures in a world of difference: connecting dimensions for integrated disaster risk ...	Wednesday
2010	The Climate Change in the Northeastern Iran Recorded by Loess-paleosol since the Last Two Glacial Cycles	Haichao Xie	C.20: Global Change and Human Mobility: Human-environmental interactions in the ancient Silk Road regions	Monday
2011	Mapping and Analysis of Spatiotemporal Dynamics of Land Use Intensification in Brazil: A Case Study in the Brazilian Neotropical Savannas	PATRICK KUCHLER	C.29: Land Use and Land Cover Change: Land use/land cover change mapping: data and methodology	Sunday
2018	Interpretable Baseflow Segmentation and Prediction Based on Numerical Experiments and Deep Learning	Caihong Hu	C.34: Modelling Geographical Systems: Modeling and simulating geographical systems in the Big Data era	Tuesday
2024	Quantifying the industrial development modes and their capability of realizing the ecological value in rural China	Yongsheng Wang	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
2025	Interpretable Baseflow Segmentation and Prediction Based on Numerical Experiments and Deep Learning	qiyng yu	C.34: Modelling Geographical Systems: Modeling and simulating geographical systems in the Big Data era	Tuesday
2030	Less dryland aridity during late Pliocene	Ran Zhang	C.20: Global Change and Human Mobility: Interactions between the Silk Road and the Eurasian steppe since the Neolithic era	Wednesday
2056	Discovering urban public management problems and optimizing urban governance through the citizen service hotline and spatiotemporal intelligence: A case study of Harbin City, China	Xiao Peng	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
2058	Relationship between Demographics and Land-Use Change in Flood-prone Areas and Trends in the Location of Facilities for Disaster-Vulnerable Populations in the Kuma River in Japan	Seiya TAKAYANAGI	C.22: Hazard and Risk: Exploring the differences in understanding and addressing natural hazards	Thursday
2063	Effects of climate change and grazing on soil organic carbon stock of alpine wetlands on the Tibetan Plateau from 2000 to 2018	Qing Zhang	C.29: Land Use and Land Cover Change: Land use and land management strategies for climate change adaptation and biodiversity conservation	Thursday
2064	The homestay programme and empowerment of host families in the rural areas of Japan	Hiroyuki Yakushiji	C.17: Tourism, Leisure and Global Change: Beyond development: community empowerment, social justice, and the local in tourism	Monday
2068	Reflection on the cultural subjectivity of the construction of ethnic minority villages in China -- a practical investigation of Chinese modernization	TBC	C.08: Cultural Approach: Recognizing national differences in the perspective on landscape: a way of celebrating a world of ...	Thursday
2071	Theoretical-conceptual positions around the Aging Geography.	DIANA LAURA RAMIREZ MENESES	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
2072	Cooling Effects in Urban Communities by considering Green Space and Building Shadows	Tao Sun	C.42: Urban Commission: Urban resilience and sustainability	Monday
2076	Are human geographers cartographers? Usage of maps in Japanese human geography papers	Masahiro Tanaka	C.24: History of Geography: Geographers' place in a world of difference	Tuesday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**

2169	Taking it to the extreme: expanding the boundaries of urban planning community engaged learning in conflict zones.	Efrat Eizenberg	C.38: Research Methods: Spatial justice and community engaged research	Tuesday
2183	Spatio-Temporal Analysis of Population Flow during China's Spring Festival Travel Based on Tencent Migration Data	Kun Wang Tao	C.34: Modelling Geographical Systems: Modeling and simulating geographical systems in the Big Data era	Tuesday
2188	Integrated Analysis of Districts in Jharkhand, India: Assessing Development through Socio-Economic Indicators and Road Network Connectivity	Rajeev Shrivastava	C.41: Transport and Geography: New trends of rural transport and rural sustainability	Sunday
2192	Risk assessment of check dams in typical small watershed on the Loess Plateau of China	Yong Li	C.22: Hazard and Risk: Resilient futures in a world of difference: connecting dimensions for integrated disaster risk ...	Wednesday
2205	Spatial mobility of people pursuing the services of traditional and biomedical health practitioners in uMkhanyakude District Municipality	Amos Mthembu	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
2213	Implementation of a feedback culture using the design-based research approach	Vanessa Schmidt	C.12: Geographical Education: Exploring current issues and events through primary/elementary and lower secondary geography education	Thursday
2216	What role can play an academic chair in regional public action? The case of Chair in "Territorial Mutations and Innovations" in Corsica	Morgane Millet	C.03: Applied Geography: Geography and public policy: harnessing opportunities for engagement	Wednesday
2228	Protracted Indian monsoon droughts of the past millennium and their societal impacts	Gayatri Kathayat	C.20: Global Change and Human Mobility: Interactions between the Silk Road and the Eurasian steppe since the Neolithic era	Wednesday
2238	Understanding the Fluvial Landforms and Land use changes towards Flood Mitigation strategies: examples from the rivers of India	Kommireddi Chinni Naga Kumar	C.22: Hazard and Risk: Exploring the differences in understanding and addressing natural hazards	Thursday
2241	Assessing Groundwater Quality and its Association with Child Undernutrition in India: A study of 22426 Groundwater Sites	Aparajita Chattopadhyay	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
2258	Utilizing photogrammetry in archaeological contexts to create 3D models of ancient settlements	Andrei Dragoş	C.08: Cultural Approach: History, heritage, and culture: the role of cultural geography in the heritage planning and management	Wednesday
2271	Evaluation of spatial equality of park green spaces allocation in megacities: a case study of Changsha City, China	Ying Fu	C.15: Governance: Smart city, neighbourhood change and spatial inequality	Thursday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**  
**Subject to change**

Reference	Title	Presenting	Commission and Session	Day
2279	Development Projects and Rural Land Use Change: Causes and Impacts in Rajgir Block of Bihar, India	Alok Dubey	C.29: Land Use and Land Cover Change: Land use/land cover change driving forces and impacts	Wednesday
2293	Social work assists in the construction of Home-Labor Community under the Background of Rural Revitalization Strategy	YU PENG	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
2314	Climate Change and Induced Migration in South Asian Countries: Evidence from 2007 – 2019	TBC	C.37: Population Geography: Climate change, vulnerability and migration	Monday
2316	The Circulation Structure of Food and Agriculture Supporting the "City of Gastronomy": A Case Study of the Rhone Region, France	Noriko Yuzawa	C.14: Future Earth: Regional approach to circular economy transitions	Wednesday
2349	Multilevel ecological compensation policy design based on ecosystem service flow: A case study of carbon sequestration services in the core area of the Qinghai-Tibet Plateau	Chunsheng Wu	C.07: Cold / High Altitude Regions: Celebrating 20 years of contributions to knowledge at the human/environment interface in cold and ...	Monday
2355	Historical Data and the Making of the Contemporary Deep Mediterranean	Maria Villarin	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
2364	EXPLORING THE USE OF SPECTRAL REFLECTANCE DATA TO ENHANCE DISCRIMINATION BETWEEN SOIL TYPES IN SEDIMENT SOURCE ASSESSMENT	Marika Stander	C.43: Water Sustainability: Geographies of rivers and floodplains	Thursday
2382	A Comparative Study on the Sustainable Development and Implementation Effectiveness of the Belt and Road and non-Belt and Road Regions -- based on the LCPOE Method.	Xinpu Wang	C.20: Global Change and Human Mobility: Human-environmental interactions in the ancient Silk Road regions	Monday
2387	Women researcher in Social Sciences around the world	Maria Villarin	C.11: Gender and Geography: Analysing space through a gender lens: international reflections.	Monday
2406	Climate variability in Kinnaur, Himachal Pradesh, India: assessment of conformity between meteorological data and farmer's perception	Asim Charas	C.05: Climatology: Climate variability in a decade of climate change and extremity	Wednesday
2411	'Stakeholder Perspectives on Modern Methods of Construction for the Increased Provision of Housing Nationwide'	Thanat Thanapornpakornsins	C.42: Urban Commission: Critical perspectives on planning and housing data	Monday
2424	The Double Crisis during the Evolution of China's E-waste Industry	JUNWANGUO GUO	C.44: Informality, Social Change and Development: Global perspective on informality and precarity	Thursday
2439	Charting the course: insights into the images, values, beliefs and practices of geography teacher educationists	Michaela Spurná	C.12: Geographical Education: Future direction of pedagogies within geography in higher education	Sunday
2447	A Gender based Assessment of Digital Literacy Level among the Students: Evidence from an Indian University	Adrija Chaudhuri	C.03: Applied Geography: Interface of social, medical and digital geography and its sustainability	Wednesday
2459	The teaching of demography across different curricula	Lucas Oliveira	C.12: Geographical Education: Geography teachers and the challenges of the Anthropocene	Sunday
2462	Land Transfer, Rural Industrial Integration And Farmers' Income Growth — An Empirical Analysis Based on Data from the Chinese Household Panel Survey	zhu lin	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
2477	Role conception and behavior of Hungary in the Russian-Ukrainian war	Ádám Labáth	C.36: Political Geography: Political geography & geopolitics - theory, methodology, empirical case studies	Monday
2511	A Preliminary Comparative Study of Three Deep Learning Algorithms in High-Density Environments	Wanlu Ouyang	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
2516	Assessing long-term O3 variation and their health implications in Seoul	Jihyun Han	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
2533	Research on the Dilemma and Path of Rural Industry Revitalization — Evidence from Qinhai Province in China	Dan Wei	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
2534	Implementing Nature-Based Solutions in the Yellow River Delta: opportunities and challenges	Xilin Wu	C.06: Coastal Systems: Managing, protecting, and conserving of the coastal natural resources	Wednesday
2542	Promoting social integration among locals and migrants in China's urban villages: The role of green space, social capital, and place attachment	Dixiang Xie	C.42: Urban Commission: Urban segregation and fragmentation in unequal cities.	Monday
2595	Quantitative equity assessment of emerging transportation electrification	Maria Wood	C.41: Transport and Geography: Spatial justice in urban smart mobility	Monday
2602	LIVELIHOOD OF DOWNSTREAM COMMUNITIES: A CASE STUDY OF BUDHIGANDAKI RIVER, WESTERN NEPAL	Kabindra Bhatta	C.22: Hazard and Risk: Exploring the differences in understanding and addressing natural hazards	Thursday
2608	The Role of Artificial Intelligence of Things in Advancing Environmental Sustainability in Smart Cities	TBC	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
2611	Place of childcare and in-home care work during the Covid-19 pandemic in the Tokyo metropolitan area in Japan	Mikoto Kukimoto	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
2615	Effects of Reclamation years on functional diversity of soil microorganisms in farmland of black soil, China	Weihua Dong	C.04: Biogeography / Biodiversity: Dynamic narratives and trends in biodiversity conservation and sustainable development	Monday
2618	A decade of supra-permafrost, and collapsed palsa, flowpaths and the effects on carbon in the Stordalen mire	Andreas Persson	C.27: Land Degradation / Desertification: Peatland degradation: current status and sustainable solutions	Sunday
2619	Not taking care of those who take care of others, in hygiene and water access places in cities. The case of Lyon	Judicaelle Dietrich	C.11: Gender and Geography: Rethinking cities as spaces of care	Sunday
2625	Wild edible resources incorporated into circular economy: A case study focusing on the Tsukechi Valley, Central Japan	Megu Suenaga	C.14: Future Earth: Regional approach to circular economy transitions	Wednesday

**IGC 2024: Provisional Programme - Poster Presentations**  
**18th April 2024**

Reference	Title	Presenting	Commission and Session	Day
2650	Way forward for Sustainable future: Role of Geographical Science and Technology	Vibhash Jha	C.16: Information, Innovation and Technology: Geographies of information, communication and society	Sunday
2660	Investigating the implications of climate change and hydropower through system dynamics modelling of the upper Brahmaputra basin	Isha Smiti Thakur	C.37: Population Geography: Climate change, vulnerability and migration	Monday
2666	Effect of Secondary Stressors on the Association Between Flooding and Psychological Health Outcomes: A Cross-sectional, Case-controlled Study in Bongaigaon District, India	TBC	C.23: Health and Environment: Frontiers in geospatial health	Tuesday
2667	A Critical Examination of Data-Driven Technologies and their Impact on Spatial Dimensions in Smart Cities	TBC	C.15: Governance: Smart city, neighbourhood change and spatial inequality	Thursday
2669	Advancing Climate Resilience: Region-Specific Forecasting and Mitigation Strategies for Climate Change in India	Pradeep Mishra	C.05: Climatology: Historical climatology I	Tuesday
2670	The impact of Russia's full-scale aggression on the sustainable development of Ukrainian cities	Sergiy Lisovskyi	C.31: Local and Regional Development: Shaping sustainable cities: the agenda 2030 and the challenges of urban expansion	Monday
2671	Operationalizing the Social-Ecological System Framework to assess the Sustainability of Grassland Resources in Tibet Plateau	Fang Liu	C.31: Local and Regional Development: Achieving sustainable local development for rural communities through good governance	Monday
2680	Same framework, different applications: the dimension of territorial equity in the implementation of sea-flood risk reduction measures in Charente-Maritime (France)	Clémentine Harel	C.22: Hazard and Risk: Resilient futures in a world of difference: connecting dimensions for integrated disaster risk ...	Wednesday
2689	HYDROLOGIC CONNECTIVITY ASSESSMENT OF THE YANGTZE RIVER DELTA GREEN ECOLOGICAL INTEGRATED DEVELOPMENT DEMONSTRATION AREA IN THE LAST 40 YEARS	Chen Xu	C.43: Water Sustainability: Water resources management and planning	Sunday
2690	Enhancing rescue operations through geo-location integration	Shivain Singh	C.34: Modelling Geographical Systems: Advancing earth's sustainability: integrating AI and Big Data in geoscience research	Tuesday
2694	Impacts of farmland transfer on the Water-Energy-Food Nexus mediated by cropping structure in Mountainous urban agglomeration: insights from Southwest China	Yiting Wang	C.02: Agri Geography / Land Engineering: Sustainable land use and agricultural development under global uncertainties	Thursday
2699	Investigating sediment dynamics in Cork Harbour using remote sensing.	Aoife Igoe	C.06: Coastal Systems: Transdisciplinary science for near-future habitable coasts	Monday
2704	Predictive Modelling of Pedestrian Thermal Comfort: An Analysis of Environmental and Physiological Factors in Extreme Heat Urban Conditions	Guancong REN	C.05: Climatology: Urban climate	Monday
2714	Miniș-Măderat Vineyard (SW Apuseni Mts, Romania): a wine region at the intersection of ancient geology, medieval history and viticulture	Elemér Pál-Molnár	C.08: Cultural Approach: History, heritage, and culture: the role of cultural geography in the heritage planning and management	Wednesday
2789	Sentiment analysis in Lisbon (Portugal) during the COVID-19 pandemic	Iuria Betco	C.13: GIS: Artificial intelligence, big data, and urban science: applications, opportunities, challenges, and ...	Monday
2792	Transition to a sustainable university: a case study of the University of Latvia	Renārs Kairis	C.42: Urban Commission: University campuses: from ivory towers to living labs	Wednesday
2816	Global mapping of fractional tree cover for forest cover change monitoring	Yang Liu	C.29: Land Use and Land Cover Change: Land use/land cover change mapping: data and methodology	Sunday
2835	Does the smart city project improve quality of life? The case of Le Havre, France	Alexandre CUVIER	C.16: Information, Innovation and Technology: Innovative urban technologies	Sunday
2837	(A case study of a city situated in National Capital Region)	Anupriya Sharma	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
2855	Designing an integrated risk-vulnerability assessment for Cork coastline, Ireland.	Fiona Cawkwell	C.05: Climatology: Advancing transdisciplinary climate risk research	Sunday
2867	Investigation of Density-based Spatial Clustering of Tourists Using Smart Data and Agent-Based Modelling: A Case Study in Chon Buri Province, Thailand.	Thitirat Panbamrungkij	C.03: Applied Geography: Applied smart data research	Thursday
2870	Introducing sustainable mobility into education	Mojca Ilc Klun	C.12: Geographical Education: New voices in creative methods to geography education and education for/as sustainable development	Tuesday
2877	Socio-ecological significance of wetlands: Putting Jan in the Jan Andolan through a case study of Sanjay Van Lake wetland	SMITA Kumar	C.32: Marginalisation, Globalisation, Regional and Local Responses: Marginal landscapes and landscapes of marginal and left-behind places	Wednesday
2885	Sensitivity of Penman Monteith equation in India.	Aniruddha Saha	C.05: Climatology: Historical climatology I	Tuesday
2913	Dynamics of Marriage Migration and Cultural Value System in ISMB in Rohtak district, Haryana, India: Evidences from the Field	Kavita Singh	C.37: Population Geography: Geography of family and household changes	Sunday
2920	Learning how to restore peatland function in a toxic metal and metalloid polluted landscape	Peter Beckett	C.27: Land Degradation / Desertification: Peatland degradation: current status and sustainable solutions	Sunday
2923	Heat in the periphery: Exploring urban climatic patterns in Irajá, Rio de Janeiro	Leonardo Prado	C.05: Climatology: Urban climate	Monday
2939	Climate resilient sustainable livelihood practices in western Himalayas: a case study of Tehri Garhwal district of Uttarakhand	TBC	C.05: Climatology: Climate change and its impact on livelihood and traditional knowledge	Sunday
2961	Spatial distribution of nursing capacity in Nelson Mandela Bay, South Africa: Implications for equitable health service delivery	Adlai Davids	C.23: Health and Environment: Health geography, spatial epidemiology and medical geoinformatics – different sides of the same coin	Tuesday
2967	Rethinking the concept of coastal vulnerability for Nature-based Solution applications in Ireland	Silvia Cascone	C.06: Coastal Systems: Transdisciplinary science for near-future habitable coasts	Monday
